KBT KAIBUT TRADING & CONTRACTING L.L.C

C.R. No. 1043965
Sultanate of Oman

COMPANY INTRODUCTION

HEAVY MACHINES. MARINE ENGINEERING. MARINE SERVICES.

One accountable partner from the quay to the workshop.

Kaibut was founded by seasoned technocrats in civil, mechanical, electrical and facility maintenance. We combine plant and equipment hire with engineering know-how and planned maintenance, delivering safe, durable work in line with Omani standards and Oman Vision 2040.

01
HEAVY MACHINES

Cranes with operator
Backhoe loaders with fork
Tippers & double-cab trucks
Construction & demolition equipment hire

02
MARINE ENGINEERING

Quay, jetty & fender works support
2D/3D plant & surface modelling
Design coordination & approvals
Mechanical, electrical & instrumentation supply

03
MARINE SERVICES & MAINTENANCE

Civil, electrical & plumbing upkeep
HVAC & MEP maintenance
Annual Maintenance Contracts
24/7 breakdown support

CAPABILITIES

Machines on call. Maintenance that lasts.

HEAVY MACHINES & FLEET

Cranes with operator	Hire
Backhoe loader with fork	Hourly
Tipper truck, 18 m^3	Hourly
Double-cab pick-up trucks, 3T	Monthly
Mini bus, 20-seat, A/C	Monthly
Construction & demolition equipment	With operator

MARINE ENGINEERING

From design coordination and 2D/3D modelling to structural works and handover, we support quay, jetty and fender works with safety, durability and compliance at the centre.

> Supply of mechanical, electrical, instrumentation and spares: pipes, valves, bearings, gaskets, cables, switchgear, VSDs, PPE and gas detectors.

MARINE SERVICES & MAINTENANCE WORKS

CIVIL
Structures, masonry, carpentry, paving & external works

ELECTRICAL
Inspections, repairs & full system overhauls

PLUMBING
Leak detection, pipe repair & fixture upkeep

HVAC & MEP
Chillers, VRF, package & split units, preventive care

WHY KAIBUT

Preventive-first. Planned maintenance that cuts breakdowns and extends equipment life.

24/7 breakdown support. Structured call-out response during the AMC period.

Single point of responsibility. One team across civil, MEP and facility disciplines.

Safe and transparent. Omani standards, site safety rules, visit records and clear escalation.
